He then turned his attention to silverware on the sideboard. The flat is a furnished one, but the rubber knob good enough when he saw it, and took nothing but the solid silver belonging to Mrs. Deu, passing up the plated stuff. In making his exit, the thief in some way, probably accidentally, fired a shot, and the report aroused the inmates of the house and the neighborhood as well, there having been another burglar a few nights previous. Josephine ran upstairs and notified a police detective who lives there, but he arrived too late to find out anything except that the man had made a clean escape.

The Skeleton at Large.

"Do you know," she said, "the Browns have a skeleton in the closet?"

"Oh, no," he replied carelessly.

"But I'm sure of it," she insisted.

"And I'm just as sure you're wrong," he returned. "The comments I've heard are enough to prove that that skeleton of theirs isn't in the closet at all; it's wandering all over the neighborhood." —[Chicago Post.

CRUSHED HIS SKULL

Frank Rogers Caught Between Wagon Seat and Heavy Timbers and Received Injuries Which Caused Death.

Frank Rogers, a teamster employed at the grading camp of D. F. Donegan near the intersection of Douglas street and Edgeware road, received injuries while at work there about 5 o'clock yesterday afternoon which resulted in his death within fifteen minutes, a physician could be summoned. He was on a wagon used in lowering the grade of a street and drove under a heavily-constructed bridge of timbers through a hole in which the contents of the road scrapers were dumped into the wagons. The hole was but little higher than the wagons, and it is necessary for the drivers to get down on the footboards to pass through safely.

It is supposed that Rogers did not stoop low enough and that his head was caught between the wagon seat and the heavy timbers of the trap. He was found lying unconscious on the footboard by Louis Limes, a fellow-teamster, and carried to the street near by. He died within fifteen minutes, without having recovered consciousness.

But little is known of the man's domestic relations. He was between 40 and 50 years of age and had been employed at the grading camp about six months. If he had any family it is not known. By order of Coroner Trout the body was removed to Breese Brothers' morgue, where the funeral will be held probably today.

PASADENA GIRL AGAIN GOES TO THE FRONT.

MISS BOWER ONCE MORE AT HEAD OF THE LIST.

Miss Pitts Overtook Miss Ball and Miss Templeton—Miss Bryan Recovers Fourth Place from Miss Zander. Covina Giant Goes up—Miss Thompson's Ambition.

By a gain of 1434 points to Gertrude Pedley's 22 Jeannette Bower, Pasadena has again attained first place in the scholarship contest, while the popular Santa Ana representative has dropped back to second place. Whether the weather was too overpowering for Miss Pedley, or whether the result of her day's work mislaid in the mails, had not been explained, but for some reason or other a few stray coupons constitute her gain for the day.

The contest for first place seems to have resolved itself into a race between Miss Bower and Miss Pedley, but Porter Blackburn and Florence Darch are also close up to the two leaders that they must be reckoned with, and it would not surprise some people if any one of the "Upper Ten" were to show up strong enough at the end to nab the \$250 cash prize, or its equivalent in cash and a scholarship.

Blackburn's gain yesterday was 3509 points. Florence Darch gained 1185; Pearl Ellis, 925; Gertrude Pedley, 1285; Manuel Sanchez, 47; Georgia Pitts, 185; Hazel Ball, 549; Stella Callender, 1414; Aubrey F. St. Clair, 228; Martha M. Miss Alice M. Smith, of Minneapolis, Minn., tells how woman's monthly suffering may be quickly and permanently relieved by Lydia E. Pinkham's Vegetable Compound.

Miss Alice M. Smith, of Minneapolis, Minn., tells how woman's monthly suffering may be quickly and permanently relieved by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I have never before given my endorsement for any medicine, but Lydia E. Pinkham's Vegetable Compound has added so much to my life and happiness that I feel like making an exception in this case. For two years every month I would have two days of severe pain and could find no relief, but one day when visiting a friend I ran across Lydia E. Pinkham's Vegetable Compound, and she had used it with the best results and advised me to try it. I found that it worked wonders with me; I now experience no pain and only had to use a few bottles to bring about this wonderful change. I use it occasionally now when I am exceptionally tired or worn out."

MISS ALICE M. SMITH, 804 Third Ave., South Minneapolis, Minn., Chairman Executive Committee Minneapolis Study Club.

Beauty and strength in women vanish early in life because of monthly pain or some menstrual irregularity. Many suffer silently and see their best years fade away. Lydia E. Pinkham's Vegetable Compound helps women preserve roundness of form and freshness of face because it makes their entire female organism healthy. It carries women safely through the various natural changes and is the safeguard of woman's health.

The truth about this great medicine is told in the letters from women being published in this paper constantly.

Mrs. C. Kleinschmidt, Morrison, Ill., says:—

"DEAR MRS. PINKHAM:—I have suffered ever since I was thirteen years of age with my menses. They were irregular and very painful. I doctored a great deal but received no benefit. A friend advised me to try Lydia E. Pinkham's Vegetable Compound, which I did, and after taking a few bottles of it, I found great relief."

How it is possible for us to make it plain that Lydia E. Pinkham's Vegetable Compound will positively help all sick women? All women are constituted alike, rich and poor, high and low, and all suffer from the same troubles. Surely, no one can wish to remain weak and sickly, discouraged with life and no hope for the future, when proof is so unmistakable that Lydia E. Pinkham's Vegetable Compound will cure monthly suffering—all womb and ovarian troubles, and all the ills peculiar to women.

\$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which are on file at—

STATE NEGRO CONGRESS MEETS AT PASADENA.

AFRO-AMERICAN COUNCIL IS IN ANNUAL SESSION.

Lynchings Question Handled Glibly by Black Orators—Woods Full of Foresters—Humane Society Arouses Horse Laugh—Council Hears Routine.

PASADENA, Office of the Times, No. 24 South Raymond avenue, Aug. 18.—The Ninth Annual Congress of the Afro-American League began a three-day session yesterday in the Woodmen Hall. Negroes from all over the state are assembled. It's a good place to go to get an idea of what progress has been made by the colored man "whose sin is the curl of his hair" and "whose sin is the color of his skin." A large number of white people attended the meetings, and some of them curious to see if the speakers would make any impassioned remarks upon the lynchings. But the speakers just now stirring the country. The matter was touched upon several times during the day, but no one seemed to have any fire talk. It was over a calm, unbiased consideration of the lynchings and the conditions which bring them about. "You got that idea, did you?" Just as though a man giving a list of articles to his grocer.

"When you are discouraged about the progress you are making, Dr. Booth, remember that only thirty-eight years ago you had been slaves for 24 years. The conditions have been such as to eliminate everything of the higher nature. The negro had no church, no home, no education, no respect to much of him so soon. He's a man just out of slavery. You got that idea, did you?"

"I remember the day when lynchings were confined to the South alone. Now the mob spirit is spread over the land like fire in dry grass. From the mid northward and almost from ocean to ocean its venom extends. The time may come in this mob spirit is not killed when Southern California may come in for its share of disgrace. It's a sad day, a sad day, but I'm not despondent. The clouds are dark, but the sun is shining, and the rays upon me. I'm not despairing, for I have confidence in my people."

Rev. Mr. Booth pictured an old colored man who in slavery days used to be cow-hided by his mistress when he did not sell all the milk. He would say, "I remember the day when lynchings were confined to the South alone. Now the mob spirit is spread over the land like fire in dry grass. From the mid northward and almost from ocean to ocean its venom extends. The time may come in this mob spirit is not killed when Southern California may come in for its share of disgrace. It's a sad day, a sad day, but I'm not despondent. The clouds are dark, but the sun is shining, and the rays upon me. I'm not despairing, for I have confidence in my people."

The Afro-American Council of League was organized ten years ago by Hon. T. B. Morton of Pasadena. Today the organization is a powerful force for the advancement of the race. In Los Angeles over 800 members are working constantly. The delegates have been arriving for two days past, the full quota being expected today. The sessions are well attended. The morning session was devoted to organization. The afternoon session was devoted to the lynchings. The president appointed the following committees:

Credentialed—George Warner, Los Angeles; W. H. Walker, Bakersfield; E. J. Gaines, Pasadena; J. L. Edmunds, Bakersfield.

Finance—T. A. Green, Los Angeles; S. B. Allen, Bakersfield; William Strother, Los Angeles.

Order of Business—J. J. Neilmore, Los Angeles; Rev. W. H. Walker, Pasadena; Rev. Wright, Los Angeles.

At noon a hot dinner was served in the dining-room of the hall. Following the committee reports in the afternoon President William Prince delivered his annual address to the delegates. He spoke of the progress which he has noted among colored people all over the state and of the progress which he has noted among colored people all over the state and of the progress which he has noted among colored people all over the state.

Major Vedder was to have delivered an address of welcome last evening, but did not show up, and thereby lost some of the colored votes last time. Capt. Simpson was to have told about the lynchings, but he was not here. It remains in doubt, as the captain wasn't there. Rev. G. R. Bryant, pastor of the Afro-American Episcopal Church of Los Angeles, who has written a book upon "The Other Side," is contrasting the morals, vices and virtues of the two races in the light of their respective opportunities. He pleaded for better opportunities for the negro and upheld Justice Brewer's plea for better action on criminal cases and a show for the black criminal equal to that of the white one. He said the colored man should make himself useful in all walks of life. He must not lay claim to sympathy.

Among the speakers today will be State Lecturer Rev. J. J. Neilmore of Los Angeles, Hon. T. B. Morton of Pasadena, Joseph Ruff of Los Angeles, Rev. J. E. Edwards of Los Angeles, Hon. B. B. Hays of Los Angeles, Hon. James McLaughlin, Bishop Arnett, and a number of colored women, it being partially "Ladies Day."

BUSY AT FORESTRY IN A quiet way by the government hereabouts, or at least great preparations are being made for the coming of the agents have been in the neighborhood, some of whom are still here or conducting investigations. The agents of the Forestry Service will remain in this section for several days. Tomorrow they will go to Mount Wilson to establish a camp and will devote much time to conducting research.

and other Young People's societies of the valley were present.

The address was presented in an interesting and graphic manner, and appealed all too short to the enthusiastic young people who comprised the congregation.

The convention, said the speaker, "was the largest gathering of Methodists the world has ever seen, exceeding by many thousands the convention held in San Francisco two years ago. Twenty-three thousand registered delegates, all in blood earnest for the great cause they had espoused. The convention stood for unity, for against uniformity, and was unanimous in opposing the movement for the amalgamation of all the Young People's Societies of the various denominations."

Watch for the Man With the \$100 Bill.

Boycotters' Offer of \$100 in Gold.

Have you received one of the cards asking you to write an essay as to why the public should not patronize A. Hamburger & Sons? Let us state right here that none of the assertions contained in this card are true and we will give \$100 in gold to any charitable organization to any one who can prove that these assertions made by the boycotters, Rogers, Hay and Biddle, are true. Furthermore, we will hold any person who writes an essay of this character on the line suggested by these boycotters, personally responsible for any untrue statements made. Don't be deceived by the purport that these cards are sent by the Secretary of the Woman's U. L. League for they emanate from the boycotters who are now taking refuge behind a woman's organization.

we could take care of 80,000,000 of the

earth's population.

Let me say to you that irrigation is as

old as the pyramids, and that wherever

intensive agriculture is practiced today

you find the wealthiest and most con-

tented people in the world. But after

this, then what? When the West is

developed to the limit of its product-

capacity and the ability of the country

to consume domestic products is over-

reached, then what?

When I consider the geographical

position of the United States with re-

spect to Mexico with respect to the

Pacific Coast States of Latin-America,

with reference to the Pacific Coast

provinces of China, with their tens of

millions of population now dependent

on Europe to provide them with the

necessities, and that Europe to gain the

trade of the Orient, must cross two

oceans, while the United States will

cross but one, I am convinced that the

Great Master of the universe has de-

signed the American republic to event-

ually become the one transcendent civ-

ilization of the world.

GOOD ROADS.

During the afternoon session two im-

portant addresses were made. W. R.

Richardson, secretary of the National

Good Roads Convention, spoke on the

"Good Roads." His speech in part was

as follows:

"It is a matter of congratulation that

this congress has given prominence to

the subject of the improvement of the

public roads. The question was raised

in the West—thirty, thirty, thirty, thirty

years ago, and it is still a question. It

is a question of the future of the West.

RESTRICTION NECESSARY.

"But I am strongly opposed to an

unrestricted immigration, and the force

of this opposition is met out by sev-

eral of the suggestions which have

preceded this remark. The sum of

Europe must not be allowed to send

the circulation of our large cities, if

it should be received at all. The defen-

derate may continue the degenerate

even though his children become fair

American citizens.

The great West can furnish homes

for millions of people, and it is into

the great trans-Mississippi country

which is crying with open arms for the

agriculturalist and the artisan that

the immigrant should be taken there

to work out his material redemption

and become an honest, prosperous

member of the body politic.

Today the native born of the

United States are looking in absolute

dismay at the enormous immigration

which is coming into the United States

from Southern Europe.

In our agricultural sections the Ger-

mans, Belgians, French and Italians

(by these latter I don't mean the Sicil-

ians) are fitted to make splendid agri-

culturalists, and the German and

French particularly. They are the

most prosperous class of farmers scat-

Breezy Shirts

Go to the beach to get cool? No, go to Silverwood's for shirts. The styles that are commonly called "new" are old here. A man can't feel hot inside one of these white, glistening shirts. Pleated or plain bosoms, shirts that open back and forth, the new coat shirts that open all the way down the front. And there are prices to fit your means whether you have just come back or are just starting out on your vacation.

These hot days bring more and more men to our clean-up sale of summer clothing. \$25 suits \$12.50. Others in proportion.

Dr. Silas Johnson, whose wife died in this city several months ago, departed yesterday for his missionary work on the Western Coast of Africa. Dr. Johnson has spent much time in that territory, and is a fluent speaker of the native dialects. He returned to Los Angeles last spring with his wife, with the hope that it might benefit her health.

Santa Monica Line Collision.

A little mix-up on the Los Angeles-Pacific line near the intersection of the main line and the Sherman branch gave passengers a fright and a few bruises last evening. Over the failure of the brakes on the Sherman car to respond on the grade near the junction the car crashed into a south-bound car at the junction. The collision was disastrous to several panes of glass and to several passengers, who were slightly bruised.

Is He a Bigamist?

According to a dispatch from Chicago, the Los Angeles police have been requested to arrest Milton Barlow on a charge of bigamy, if he can be found. Criminal proceedings having been begun against him in Chicago. Barlow is the English actor who married Miss Merkel, a Milwaukee heiress, in this city about two weeks ago, after a courtship extending only over the period during which they were in California in a Pullman car. He is said to have one or two other wives.

Ticket Thieves Caught.

Fred Moore, alias Charles Friedenber, and Emmet Robinson were arrested last evening by Detectives Cowen and Davis on charges of petty larceny. They are alleged to have entered the First-street ticket office of the Southern Pacific Company at First and Alameda streets, and stolen several tickets good for transportation to beach points. The theft was witnessed by several persons, who watched the two men as they ran south along Alameda street. They were captured within two blocks of their alleged crime.

Can't Find Delegates.

Word has been received here that Secretary of Agriculture Wilson will journey from Washington to Oxnard to be present at the sessions of the National Irrigation Congress, which meets September 15. The Chamber of Commerce has been disappointed in not being able to find delegates willing to attend the congress, and is looking for citizens suitable to the mission who will signify their willingness to make the trip on behalf of local irrigation interests. The coming meetings will undoubtedly be the most important of their kind ever held, one of the chief features to be an extensive exhibition of fruits from irrigated regions collectively, in competition for valuable prizes.

Clifford Pinchot, chief of the United States Bureau of Forestry, is expected in Los Angeles within a few days. A Fish that Throve on Standard Oil. You've heard of arduines in oil—but they are dead ones. The fish hero of this story is a dace who spent most of his life in crude petroleum. When a gang of pipefitters connected the oil tank in the factory yard that has laid idle several years, last week, more than Gaskill found a live fish in the bottom of the tank, where several inches of mud, oil and water have lain for several years, and which each summer must have been hot for the fish. Alonzo Beckett, our local naturalist, secured the finny one, and if he survives the return to his native element, will probably be named John D. Rockefeller—(Hiram N. J.) Reporter.

SAN DIEGO.

UNION BLUFF FAIR. SPECIAL CORRESPONDENCE OF THE TIMES. SAN DIEGO, Aug. 12.—The movement instituted by the Journeymen Plumber's union for the removal of Inspector Walker has failed. The Board of Health having reported that the union did not sustain the charges in its complaint. The charge was made that Walker was arrogant, insolent, overbearing and unjust, which charges the board found had not been substantiated in any particular. Walker is a man who does not know to the totem, but treats all workmen alike, and it is said this made the union sore.

A Henley Poem.

A hitherto unknown poem by the late W. E. Henley is an interesting discovery. W. G. Hutchinson announces in the Academy of Literature that he is in possession of several "to-be-had" verses of the poet's "exquisite" and "wrought little poem" dug out of the files of the defunct periodical London. One of these he quotes as follows:

INTER SODALES.

Over a pipe the Angel of Conversation Loosens with glee the fables of his purse. And in a fine spiritual exaltation, Hastens, a very spendthrift, to disburse. The coins minted of imagination.

An amiable, a delicate animation Informs our thought, and earnest we rehearse The sweet old farce of mutual admiration Over a pipe.

Heard in this hour's delicious divagation, How soft the song! The epigram how terse! With what a genius for administration We rearrange the rambling universe, And map the course of man's regeneration, Over a pipe!

Happy in the Assurance. She was going away. "Oh, John," she sobbed, "I-John, are you quite sure you'll miss me?" "Darling," replied her husband, "I'll miss you as much as I do the morning train."

Thus assured she picked up her grip and with a sweet smile sailed for the seashore.—(Chicago News.)
